

Voucher Program

In May 2007 CCSAC implemented the voucher program. The voucher program help individuals pay for their substance abuse counseling. Our vouchers are good at most of the treatment facilities in the valley. A referral must be made by the treatment facility of the individual.

Education and Prevention

“CCSAC” is working toward offering the community of Crowley County alternatives to substance abuse through activities, education and prevention. CCSAC has taken measures to evaluate the impact of substance abuse in Crowley County with a county-wide survey conducted in May 2007. The results of the survey will help aid the Coalition in our efforts of eliminating substance abuse in Crowley County.

CCSAC has a website that will eventually be an excellent resource for all of Crowley County seeking information on substance abuse services, education and prevention.
